

CMCP-MB Series of Industrial Magnets Magnet Mounts for Portable Vibration Data Collection

Features

- For Flat or Curved Surfaces
- High Temperature
- Stainless Steel Body
- Different Sizes
- Various Strength
- Different Connectors (Studs and threaded holes)
- Rugged Design for Walk-around Applications

We offer industrial Magnets that provide a secure, semi-permanent point of connection to a curved or flat surface. All Magnets feature an operating temperature range of up to 248 °F (120 °C).

Ordering Information

CMCP-MB01 Small Two Pole Magnetic Base for curved or flat surfaces,
19 Lbs Pull Strength, 0.8" diameter,
0.7" Height, 1/4"-28 Stud

CMCP-MB02 Medium Two Pole Magnetic Base for curved or flat surfaces,
40 Lbs Pull Strength, 1.00" diameter,
0.9" Height, 1/4"-28 Threaded Hole

CMCP-MB03 Large Two Pole Magnetic Base for curved or flat surfaces,
77 Lbs Pull Strength, 1.40" diameter,
1.3" Height, 1/4"-28 Threaded Hole

CMCP-MB01F Small Magnetic Base for flat surfaces, 26 Lbs Pull Strength, 0.8" diameter, 0.3" Height, ¼"-28 Stud

CMCP-MB02F Medium Magnetic Base for flat surfaces, 30 Lbs Pull Strength, 1.00" diameter, 0.6" Height, ¼"-28 Threaded Hole

CMCP-MB03F Medium-Large Magnetic Base for flat surfaces, 55 Lbs Pull Strength, 1.20" diameter, 0.6" Height, ¼"-28 Threaded Hole

CMCP-MB019 Large Magnetic Base for flat surfaces, 110 Lbs Pull Strength, 1.60" diameter, 0.4" Height, ¼"-28 Stud

Magnetic Bases with M8 Mount

CMCP-MB01-M8 Small Two Pole Magnetic Base for curved or flat surfaces, 19 Lbs Pull Strength, 0.8" diameter, M8x1.25 Stud

CMCP-MB02-M8 Medium Two Pole Magnetic Base for curved or flat surfaces, 40 Lbs Pull Strength, 1.00" diameter, M8x1.25 Threaded Hole

CMCP-MB03-M8 Large Two Pole Magnetic Base for curved or flat surfaces, 77 Lbs Pull Strength, 1.40" diameter, M8x1.25 Threaded Hole

CMCP-MB01F-M8 Small Magnetic Base for flat surfaces, 26 Lbs Pull Strength, 0.8" diameter, M8x1.25 Stud

CMCP-MB02F-M8 Medium Magnetic Base for flat surfaces, 30 Lbs Pull Strength, 1.00" diameter, M8x1.25 Threaded Hole

CMCP-MB03F-M8 Medium-Large Magnetic Base for flat surfaces, 55 Lbs Pull Strength, 1.20" diameter, M8x1.25 Threaded Hole

CMCP-MB019-M8 Large Magnetic Base for flat surfaces, 110 Lbs Pull Strength, 1.60" diameter, M8x1.25 Stud
